

English

The image is a composite. The background shows a panoramic view of a snowy mountain range under a clear blue sky. In the valley, a town with many small, snow-covered wooden houses is visible. The foreground, which is rotated 90 degrees clockwise, shows a skier wearing a blue and black racing suit, a black helmet, and orange safety gear, looking upwards. The skier's suit has 'UIAA' and 'SAAS-FEE' logos. The overall scene is set in a winter sports environment.

Subject to change

An aerial photograph of a rugged mountain range covered in snow and ice. The terrain is characterized by sharp ridges, deep valleys, and intricate patterns of snow and shadow. A semi-transparent teal color is overlaid on the entire image, creating a monochromatic effect. The text "Daily & weekly" is positioned in the upper left corner, and the large number "01" is centered in the middle of the frame.

Daily & weekly

March 2026

A skier in a camouflage jacket and helmet is captured mid-jump over a snowy slope. The skier is wearing a dark helmet with a colorful visor and a camouflage-patterned jacket. They are holding ski poles and are in a dynamic pose, with their skis angled upwards. The background shows a vast, snow-covered mountain landscape under a clear blue sky. Several ski lift cables are visible in the distance. The overall scene is bright and sunny, with long shadows cast on the snow.
